## Letter from the Chief

Well October is already here and Fire Prevention week is here again!! The theme this year is "Serve Up Fire Safety In The Kitchen". Cooking is the #1 cause of home fires and fire injuries. There is many reasons for this and many heat sources in the kitchen. All of these contribute to the high rate of fires starting in a kitchen and the high rate of injuries that occur in there. Use common sense around a stove, keep that area clean and free of clutter. Also be very aware of the young ones "helping" in the kitchen. Pot handles turned outwards on the top of the stove can be very tempting for them and a slight tug by a curious hand can lead to a very tragic spill of boiling water. Please take the time to fill out the attached checklist to make your kitchen a safe place for your whole family!!!

Always remember it is a good time to check your smoke detectors and make sure they are functioning properly. Most smoke detectors have a 10 year life span. There should be an expiry date on yours...check for this as well. If they are expired, replace them.

I would like to say a big thank you to Jim and Denis Friedrich (Friedrich Farms) for their generous donation to the Fire Department. They donated a backpack leaf blower. These blowers are used by lots of departments in the area for fighting grass or stubble fires. They are a valuable tool and we are very glad to have one on our truck now!! Thank you again.

Have a safe and fun filled fall!!!

**— SERVE UP —**

## Fire Safety

**— IN THE KITCHEN! —**

**Parents and Caregivers,**  
Cooking is the No. 1 cause of home fires and home fire injuries. This year's Fire Prevention Week™ (FPW) campaign, "Serve Up Fire Safety in the Kitchen!™", works to educate everyone about simple but important actions they can take to keep themselves and those around them safe.

FPW is a perfect time to complete this cooking safety checklist together. If you checked YES on all the boxes, great job! If some boxes are checked NO, work together as a family to turn them into a YES.

The \_\_\_\_\_ Family's **Cooking Safety Checklist**

- YES  NO Does a grown-up always pay attention to things that are cooking?
- YES  NO Does a grown-up watch the stovetop when he or she is frying, boiling, grilling, or broiling food?
- YES  NO If a grown-up must leave the kitchen for even a short period of time, does he or she turn off the burner?
- YES  NO Are things that can burn, such as dish towels, curtains, or paper, away from the stovetop?
- YES  NO Are the stovetop, burners, and oven clean — no spilled food, grease, paper or bags?
- YES  NO Are pot handles turned toward the back of the stove when a grown-up is cooking?
- YES  NO Do children and pets stay out of the kid-free zone (3 feet or 1 meter from the stove) when a grown-up is cooking?
- YES  NO Are containers opened slowly when removing from the microwave? Hot steam can escape from containers and cause burns.
- YES  NO Does your family have working smoke alarms on every level of the home, outside all sleeping areas, and in each bedroom?
- YES  NO Does your family have a home fire escape plan?
- YES  NO Do you practice the plan?

## MACKLIN SCHOOL RETURNS

This September has been much like past Septembers. Students came back to school, teachers were excited to see them, and although there are several new rules and ways of learning, most things have fallen into place. If you were to enter the school today, it would look similar to before in most ways. Although we have new rules to keep everyone safe, putting these into practice has come with some struggles. Below are a few reminders to help us all stay safe.

1. Masks are required by all adults, and students grades 4-12.
  - a. Teachers are allowed to grant students permission to unmask, if they are all forward-facing and no one is talking.
  - b. Masks must be worn in all common areas unless students are leaving for lunch or recess. In this case, they must keep 2 meters distance.
  - c. Hand washing or hand sanitizing is required by all...and often.
  - d. This personal hygiene practice has been increased at the school. Although we always promoted good handwashing and/or hand sanitizing in the past, now it is required. Any time people enter the building they must hand wash or hand sanitize.
    - i. Hand washing washes dirt and germs off your hands.
    - ii. Hand sanitizing kills germs.
- b. Throughout the day, students and staff are asked to handwash or hand sanitize to keep their hands free of dirt and germs.
- c. Cohorts have been created to minimize exposure to each other.
  - a. Each class/grade have been put into a cohort with minimal movement throughout the building.
    - i. All students stay in their cohort classrooms and teachers move to them, as much as possible.
    - ii. All cohorts have dedicated entrances and bathrooms.
    - iii. All grade 6-12 students have lockers just outside of their designated classrooms.

4. Traffic flow is set, and all students are doing a great job of sharing the hallways.

The biggest learning curve we have had, is figuring out the fine line between regular sick, and worried about COVID-19 sick. Living Sky School Division has created numerous documents to try to detail this as best as possible. However, in this ever-changing new world we live in, questions remain.

At the school we will default to:

- Are the symptoms COVID-19 symptoms?
  - Are they new or worsening symptoms?
  - If they are, we will ask you to pick up your child, self-isolate, and call 811.
  - We take all medical direction from 811 after that.
- Those are the details, but maybe what parents and the public doesn't see is that:
- Students are embracing new rules for their and others safety.
  - Students and staff are discovering new ways of learning, including the increase in technology to ensure that all students can continue to learn, whether they are at home or school.
  - Students are enjoying visiting with peers, something that was extremely difficult the past 5 months.
  - Staff are enjoying building relationships with our students.

In short, although it is different, and maybe not ideal, WE ARE GLAD TO BE BACK!!!

**YOU'VE BEEN TOILETED.**

**MACKLIN KINETTES**

Hello Macklin! With the beginning of a new year comes the beginning of a new tradition: The Traveling Toilet. Like many other organizations in our community, the unfortunate cancelation of Bones has left us without an important fundraiser, one used to fund Telemiracle.

The premise of our new fundraiser is simple; a curiously decorated toilet will be traveling from place to place in Macklin (businesses and homes alike). There are instructions on the Traveling toilets but if you find the toilet in your yard, you have the following options:

- \$20: The toilet will be removed from your yard
- \$30: The toilet will be removed AND you can choose who gets it next
- \$40: The toilet will be removed, you choose where it goes next, AND you have insurance (will not get the toilet back).

Questions can be directed to your local Kinette member. A big thank-you in advance for your support of our fundraiser!

**PS: Follow the toilet's adventures on the Macklin Kinette Club Facebook and Instagram #toilettracker**

**THANK YOU!**

We would like to express our heartfelt thanks to the Macklin Volunteer Fire Department for all their help the night of the fire at Al's Truck Service Ltd.

The firemen worked tirelessly to keep the fire under control. It is sometimes overlooked that after working all night on a volunteer basis, these same firemen have to go to their regular jobs that very same day. The Macklin Volunteer Fire Department provided efficient and compassionate service that is second to none.

Also, thank you for all the kind messages, phone calls, and offers of help. Your support will help us get through this difficult time.

Thank You

## IMPORTANT PLEBISITE NOTICE

### Cannabis Retail Outlet

In April 2020, the Province of Saskatchewan removed the 2,500-person population threshold from the Cannabis retail outlet guidelines. Applications can now be made to the Saskatchewan Liquor and Gaming Authority (SLGA) for permits in communities less than 2,500 populations. The supply of cannabis for permitted retailers will continue to come from permitted wholesalers and federally licensed producers registered in Saskatchewan. Applicants will need to meet local municipal requirements including zoning.

The Council for the Town of Macklin began to have active discussions on how to proceed with any potential Development Permit applications. **Currently the Town of Macklin does not have any active applications for a Cannabis Retail store.** However, draft Zoning Bylaw changes were presented for community discussion at a Public Meeting held July 13, 2020. Communities may opt out of having cannabis retail stores in their community and Council felt unsure about deciding on behalf of the community.

Following the public meeting Council requested Administration to prepare a plebiscite question to be used during the 2020 civic election proceedings. Under Section 130 of *The Municipalities Act*, Council may submit to a vote any matter that the Council determines affects the residents of the community. A plebiscite vote does not bind the Council to action but is intended to provide Council with direction based upon most community residents.

The question that will be asked on the ballot is:

**Resolution No. 1:**

That the Town of Macklin permit the operation of a legal cannabis retail store and amend the Zoning Bylaw in areas zoned for commercial business:

\_\_\_\_\_ YES

\_\_\_\_\_ NO

If you vote "Yes" to the above question, you may vote to clarify your location preference:

\_\_\_\_\_ Yes, in all commercial areas of the community.

\_\_\_\_\_ Yes, but only in the north commercial and industrial areas

This vote shall be conducted in accordance with The Local Government Election Act; therefore in order to vote you must meet the following qualifications:

**Municipal Electors:**

5. On the day of the election you must:

- (1) Be a Canadian Citizen
- (2) Be the full age of 18 years;
- (3) Have resided for at least three months in, or on land now in, the Town of Macklin;  
Or;  
Have been the owner for at least three months of assessable land situated in the Town of Macklin;
- (4) Have resided in Saskatchewan for at least six months.

***As is customary in all municipal elections, there will be an advance poll and a voting day approved by Council. This voting day may not happen sooner than eight weeks from the posting of this notice. There will be further public notice as dates and times are established.***

FORM H  
[Section 66 of the Act]

## NOTICE OF CALL FOR NOMINATIONS

### MUNICIPAL ELECTIONS

Public notice is hereby given that nominations of candidates for the offices of:

**Mayor: Town of Macklin**

### Call for Expression of Interest— Mental Health First Aid Certification

Did you know – 35% of farmers suffer from depression, 45% of producers are classified as having high stress, and 58% suffer from anxiety, according to the National Survey of Farmer Mental Health.

At this time, we are gauging if there is interest in the community for access to mental health and first aid training through the Do More Ag organization. With enough interest, we can apply for this grant opportunity to provide the certification course here in Macklin.

Schedule starts Monday October 12, 2020

The Macklin Arena strives to provide a safe, healthy, and secure environment in which to carry on its operations. All possible preventative measures are taken to eliminate accidental injuries, occupational illness, and risks to personal security.

Our goal is to minimize the health risk of COVID-19 to employees, customers, and visitors to the Macklin arena. We will endeavor to reduce exposure to the virus through adherence to strict protocols and physical barriers as developed using direction provided by public health officials.

It is the intention of the Macklin Arena Operations Committee to operate the facility in a manner that allows for a structured schedule while maintaining proper protocols. All users of the facility will be required to have a sufficient plan in place before they will be allowed to operate their program in the facility. To date a preliminary protocol has been filed by Macklin Minor Hockey and discussions are ongoing with the Macklin Skating Club, Macklin Senior Mohawks, and representatives from adult recreational hockey.

General guiding principles being put in place at this time are as follows:

No spectators will be allowed at this time (subject to change)

Facility will have no shower facilities until further notice

Booth will not operate until further notice

Maximum of 30 people allowed on ice at one time including coaches

User groups will be required to enter and exit the building within 15 minutes before and after their scheduled ice time.

Maintenance staff will ensure the facility is cleaned appropriately between user groups.

Waivers or sign-in sheets for everyone entering the facility will not be required unless specifically requested by public health officials.

Over the summer a major piece of equipment on the artificial ice plant malfunctioned, at this time we are awaiting the arrival of a replacement part. The start of our regular season will be delayed until the ice plant is repaired and once again becomes operational. Individual user groups will be notified by their respective organizations about scheduling, protocols, and dates for the beginning of the season. The Arena Operations Committee wants to thank all the user groups for their continued support and assistance as we develop a Back-To-Play Protocol for our facility.
