Mandatory Masking Indoor Public Spaces

Effective Friday, September 17, 2021 an interim province-wide mandatory masking order will be implemented for all indoor public spaces, including schools.

Indoor public spaces are any enclosed space other than a private home or dwelling. This may include but is not exclusive to workplaces, retail locations, recreational venues, eating and dining establishments and professional buildings. "Indoor public spaces" includes those areas of a business or venue that are restricted to staff only (areas where there is no access for the public).

Proof of Vaccination

Effective October 1, 2021 a proof of vaccination or negative test policy will be implemented for all Government of Saskatchewan ministry, crown and agency employees. Employees of all Government of Saskatchewan ministries, crowns and agencies will be required to be fully vaccinated by October 1.

Employees that do not provide proof of vaccination will be required to provide proof of a negative test result on a consistent basis.

The Government of Saskatchewan is encouraging other employers, including school divisions, to implement a similar proof of vaccination or negative-test policy for employees in the workplace.

Effective October 1, 2021 a provincial requirement for proof of vaccination or negative test will be implemented for public access to a list of establishments, businesses and event venues that bring groups of people together, including:

- Indoor dining at restaurants;
- Nightclubs, bars, taverns and other licensed establishments;
- Event and entertainment venues, including conference centres, casinos, movie theatres, concert venues, live-music venues, museums, and indoor facilities hosting ticketed sporting events;
- Indoor fitness centres, and gyms.

Children under the age of 12 are exempt from the proof of vaccination or negative test requirement

Proof of vaccination will not be required for the following:

- Retail businesses, including grocery stores;
- Places of worship;
- Fast food restaurants offering takeout and delivery;
- Health care services, professional services, or personal services;
- Hotels or other lodging;
- Facilities hosting non-ticketed amateur sporting events, including youth athletics and recreational leagues;
- Business meetings and places of business closed to the general public, unless otherwise directed by the business or employer;
- Private gatherings held at public indoor venues, such as weddings and funerals.
- Private gatherings at private residences.

Protocols regarding proof of negative test requirements are currently under development for those residents opting to provide proof of a negative COVID-19 test, and will include the provision of documentation demonstrating proof of a negative COVID-19 PCR or rapid antigen test provided by a certified healthcare provider, including private providers of COVID-19 tests.

Mandatory Self-Isolation

Anyone who tests positive for COVID-19 must self-isolate for 10 days after receiving a positive test result.

Close contacts of individuals who tested positive for COVID-19 will also be required to self-isolate for 14 days from the date of their last exposure if they are not fully vaccinated.

Fully vaccinated individuals identified as a close-contact of a positive case will not be required to self-isolate, but will be required to self-monitor and seek testing at the first sign of COVID-19 symptoms.

Unvaccinated school-age children (including high school) and day care children who are close contacts are exempt from self-isolation (may attend school or day care for education purposes and ride a school bus) provided that they have no symptoms and wear a face covering at all times while attending school or day care or ride the bus.

Cemetery Update

We wish to express our sincerest thanks to families and friends who continue to generously donate to the Lakeview Cemetery. Commemorative Donations can be made at any time and will be put towards the continual beautification of the cemetery. On going perpetual care donations are also accepted at anytime to help with the general upkeep of the plots where our loved one's rest.

In 2019 the Lakeview Cemetery Committee officially adopted a set of regulation regarding the control and operation of the cemetery. This Cemetery Bylaw sets out the general operating guidelines for the cemetery. The following guidelines apply in respect to flowers and other items place on a grave site:

No cement slabs, grave covering, trees, or flower beds are permitted.

All flowers must be placed into a vase or holder that is affixed to the monument.

Placement of decorative items like solar lights and steppingstones must be placed to not interfere with grass cutting and maintenance.

No unauthorized monument, bench or obstruction is permitted.

Existing benches or obstruction shall be removed at the discretion of the Committee.

We will continue to provide information to families regarding the full Cemetery Bylaw through the winter newsletters. We would like to share the importance of keeping the cemetery in beautiful condition and how families can assist us in improving the overall appearance. We are currently doing some major remediation and replacement of the perimeter trees. This has been made necessary due to wind and drought damage, please be patient as this project will take some time to be completed.

NEWS FROM THE FIRE HALL

Happy October from the Hall.

The first week of October is always Fire Prevention Week. This year the theme is "Learn the Sounds of Fire Safety" Smoke Detectors and Carbon monoxide Alarms make different sounds. Long loud sounds can mean there is an emergency!! Always treat this seriously. It is a good idea to practice with the people you live with as to what you would do and where would you go in the event of a real fire. Talk about a meeting place where you would all go so that you and the Fire Department would know everyone is safe. Just like the fire drills you did or do at school. Everyone get out and stay out. Always go to your designated "meeting place" It is very important that all family members end up at the same place!! It is the best way to account for everyone and makes it safer for us as well as we know everyone is out as soon as we get there!! Remember to check all smoke and carbon monoxide detectors.

Short chirps every 30 to 60 seconds mean the unit either needs servicing or replacing. Detectors should have an expiry date on them and they should be replaced accordingly. Most of these units have a 10 year life span. So remember to "Learn the Sounds of Fire Safety". The most critical part of any escape plan is early detection so make sure that yours are working properly. It only takes a few minutes!!

News from the hall. It has been a fairly quiet month for calls. We are very glad to see the farmers getting the majority of the crop off without any major incidents. (Touch wood) Be safe out there with all the big machinery moving around.

We did have three members travel to Saskatoon on September 22nd. They were presented with the "Saskatchewan Protective Services Metal" This award is presented by the Saskatchewan Lieutenant Governor, Russ Mirasty to members of emergency responder agencies who have served for 25 years. Congratulations to Peter Sieben, Justin Bast and Rod Soderlund. Thank you for your time and dedication to our local department. We are very lucky to have all of you are on our department. You are all very capable under pressure and very valuable on emergency scenes. Thanks again guys!!!! That's all from the Hall!!! Be safe out there!!

Kin Canada
Kinette Club
of Macklin

Hello Macklin! Another Kin year has started as we had our first general meeting, it was great to see that our membership and enthusiasm is strong. You may have seen us at weddings and beer gardens over the summer but now we have started planning some events for the upcoming year. Some things to keep an eye out for:

Chase the Ace: Half the deck is gone and we have still not pulled the Ace of Spades! The pot is currently above \$3400. Tickets can be purchased from Sister B's or e-transferred to ctamacklin@gmail.com. Follow Macklin Chase the Ace on Facebook for live draws at 7pm every Wednesday. *Proceeds to both the Macklin Curling Club and the Kinette Club of Macklin*

"Get Boned": The premise of our Telemiracle fundraiser is simple; a curiously decorated skeleton will be traveling from place to place in Macklin (businesses and homes alike). There are instructions on the Skeleton but if you find him in your yard, you have the following options:

\$20: The Skeleton will be removed from your yard

\$30: The Skeleton will be removed AND you can choose who gets it next

\$40: The Skeleton will be removed, you choose where it goes next, AND you have insurance (will not get the Skeleton back).

**New this year: You can Pre-purchase insurance for \$20 to protect your lawn from getting boned
(etransfer: macklin.kinette@gmail.com).

Kinette Social Events: Thinking of joining our Kin club but want to test out the waters a bit? We will be holding monthly social events for our club and we would love to have you. Follow our Facebook page for more information closer to the date.

CHAMBER Business Spotlight

For the 2021 year, the Chamber is doing an internal "Rewards Program" with our memberships. One of the perks of winning will be to have your business showcased in the next month's Hometown Connection, as well as being given \$150 from the Chamber to do something with; Random act of kindness, Business raffles or promotions, buy your staff a meal, etc.

RONA MACKLIN

Year it was established: - Nov 2006 at downtown location & April 2013 at New location.

of Employees – Currently we have 15 adults + 13 high school students

What's been the biggest challenge for your business over the years? Competing with Online sales and Big Box stores

What's the best perk for your business in a small town?? We get to know our customers on a personal level including all our amazing local Building contractors & carpenters. Our Goal from the very beginning was to provide a needed service in Macklin and to the other local communities' around that would have to travel to a bigger center for that service.

Advice to an Entrepreneur looking at starting up a small business Put a priority on starting something that's needed over something you just want to do, and make sure it's sustainable over a long period of time. Also it's key to surround yourself with good people

What advantages does Macklin have over other communities its size for Small business? We have a really good CORE of business' that draw people into town.

What is your plan for the \$150 Chamber Member rewards you just received? We are using the \$150 Rewards and topping it up with our own money to purchase a GMG smoker ~ we are going to sell tickets and Raffle it off and ALL the proceeds will be going to the Macklin & District Fire Department

Adopt a School

Donate today and help put books in our school library!

Macklin School has been chosen to be adopted by Coles – Lawson Heights book store in Saskatoon, SK as part of the Indigo Love of Reading Adopt-A-School Program. From now until October 3rd, Coles will be collecting donations to contribute to our Macklin School library.

If you want to contribute, but don't live in Saskatoon, you can donate online at: <https://indigoloveofreadingfoundation.givecloud.co/fundraisers> and search for Macklin.

Without our annual bookfair, this is an excellent opportunity to support our school library!!! With your generous donation we will try our best to fill up the library shelves with books and stories to inspire the kids, but we need your help to do it!!!

#indigoloveofreading #AdoptASchool #ThePowerofReading #FortheLoveofReading #BooksChangeLives
